Certified IT and cybersecurity enthusiast driven by an obsession to build and secure digital environments. Currently documenting a live infrastructure build on my portfolio. Ready to bring this hands-on lab experience, relentless curiosity, and natural troubleshooting instinct to an entry-level technical team.

IT Experience

NETWORKING & SECURITY LAB (TESTOUT NETWORKING PRO & SECURITY PRO) May 2024

- Configured and managed enterprise-grade routers, switches, and firewalls within simulated IT infrastructure environments.
- Troubleshoot complex wired and wireless LAN connectivity issues.
- Managed IP addressing schemes, subnetting, and Virtual Local Area Networks (VLANs) to segment and secure network traffic.
- Implemented fundamental network security measures, including encryption standards and Access Control Lists (ACLs).

IT SUPPORT & HARDWARE DIAGNOSTICS May 2023

- Diagnosed and resolved hardware and software issues applying standard CompTIA troubleshooting methodologies.
- Designed, provisioned, and managed Small Office/Home Office (SOHO) networks.
- Developed and deployed a personal portfolio website to document upcoming bare-metal home lab builds and technical projects.

HOME LAB - NAS SERVER August 2026 | In progress

- Building a Raspberry Pi 5 NAS using OpenMediaVault and a 1TB SSD; planned remote access via VPN.

Certifications

CompTIA Security+ | In Progress
Testout Security Pro, Networking Pro, IT Fundamentals Pro

Professional Experience

ADVANCE AUTO PARTS August 2024 - Present SALES REP

- Troubleshoot POS systems, application issues, and receipt printers to restore normal store operations.
- Assist corporate IT with recurring store Wi-Fi and network outages by performing authorized troubleshooting and equipment resets.
- Help coworkers resolve common technical issues and explain basic troubleshooting procedures for future incidents.

FIREHOUSE SUBS March 2023 - March 2024 CREW MEMBER

- Delivered customer service and resolved customer concerns in a fast-paced, high-volume environment while maintaining accuracy and professionalism.
